THE ONLY POSITIVE SAFEGUARD AGAINST BALDNESS IS IN THE USE OF

NEWBRO'S HERPICIDE

Known throughout the world as "the original remedy that kills the dandruff germ," Herpicide is a new, scientific non-irritant germicide and prophylactic for the scalp—and positively cures dandruff, stops falling hair and prevents baldness. No one wants to lose their hair and it is a mighty serious matter to contemplate. Well, why trifle with unknown or so-called Hair-Growers, when you are absolutely guaranteed that Herpicide will not only save what hair you have, but will restore it to its natural luxuriance. It is the dandruff germ, which infests the scalp, that causes the hair to fall out. Herpicide will eradicate this microbic disease of the scalp and protect it against re-infection, and your hair will then grow as nature intended. NEWBRO'S HERPICIDE has reached the pinnacle of fame as a hair preparation and enjoys a distinction strictly its own. As a Hair Dressing—Herpicide is truly exquisite on account of its dainty and refreshing odor which is characteristic—it beautifies the hair and leaves it soft, glossy, light and fluffy—it contains no oil, grease or sedimentary substance neither does it stain nor dye the hair.

Stops itching of the scalp almost instantly.

Destroy the cause—you remove the effect.
